OBJECTIVE

As a front-end Developer with extensive experience, I am seeking a challenging role that allows me to utilize my skills in HTML , CSS , JavaScript,Bootstrap and React JS, I am passionate about creating innovative and visually stunning websites that are both user friendly and engaging , My goal is to contribute to a company's growth while continuing to develop my skills in web development

WORK EXPERIENCE

Front End Developer

IEEE

2022-2023

- Collaborated with cross-functional teams to develop and implement userfriendly web applications using HTML, CSS, JavaScript, Bootstrap, React, and Redux. Successfully delivered several projects, ensuring timely completion and adherence to project requirements. Applied responsive design principles and optimized performance for seamless user experiences across various devices.

TechnoHacks internship

2023-2024

- I have gained hands-on experience in creating and designing web pages using HTML, CSS, and JavaScript. i was responsible for implementing user interfaces, ensuring cross-browser compatibility, and optimizing web pages for performance. i
- am also worked closely with the development team to troubleshoot issues and improve website functionality. Throughout my internship, i have learned valuable skills in coding, problem-solving, and collaboration, which will be beneficial for your future career as a front-end developer.
